

ROODKAPJE RADICALS

Deviant Rotterdam art-platform Roodkapje has been presenting young talent and unconventional art since 2001. From exhibitions, to indie-bands, experimental performance art, lectures, film nights & club nights. We are looking for artists that are RADICAL! Roodkapje revolves around being RADICAL. Roodkapje tends to go against the grain. Not to shock, provoke or insult, but to wake people up and make them think about what exactly one is 'supposed' to do.

We are looking for diverse works that challenge the status quo and that are radically different. We want and expect fresh, new, RADICAL performances to be the highlight of the event. Roodkapje thinks there are too many outmoded rules and that finger pointing is small minded, stalling progress and innovation.
