

ROODKAPJE

WINTERWOLVEN

OPEN CALL

This is the season for our annual multi-disciplinary exhibition – WinterWolven. As it is our fifth edition this year, we have a new form in which we call Shelters. WinterWolven V the shelter for everyone and anyone who wants to join a festivity of art and collectiveness.

WinterWolven is the cutting edge showcase where art and entertainment merge. It allows the strangest and out of the box works to emerge and present themselves. Winterwolven encourages new ways of interpretation and experiencing unexpected collaborations.

Moreover, the fairytale doesn't end there, the over all theme of the night is Radicals. The current theme of Roodkapje revolves around being Radical. Roodkapje tends to go against the grain. Not to shock, provoke or insult, but to wake people up and make them think about what exactly one is 'supposed' to do. We look for a diversity of works that challenge the status quo and that are radically different. We want and expect fresh, new, Radical performances to be the highlight of WinterWolven V. Roodkapje thinks there are too many outmoded rules and that finger pointing is small minded, stalling progress and innovation. Who else but the artist and the audience can speak up and think freely?

The night will include a variety of artists from different disciplines presenting their work collectively at a "soon to be announced" location. We will be inviting professionals, curators and a variety of institutes so it will be your chance to get exposed and scouted while presenting your Radical work under the wing of Roodkapje.

So we ask all Radical WinterWolf artists to send in your idea proposal, portfolio and open-call application to winterwolven@roodkapje.org
